Quarterly International Trade Summary: 1st Quarter 2011

Trade by Region and Country

- The value of Miami-Dade trade in the first quarter of 2011 grew by 21% over the first quarter of last year, increasing to \$20.1 billion from \$16.6 billion.
- Trade with **South/S.E. Asia** showed the most dramatic gains from \$460 million 2010 Q1 to \$1.0 billion in 2011 Q1 (+120%).
- Most of the growth in total trade with South/S.E. Asia came from imports (+154% from 2010 Q1), although robust growth in exports were experienced as well (+19.8%).
- Trade with **South America**, which is by far the most important trading region for Miami-Dade, grew by 21% in 2011 Q1 compared to 2010 Q1.
- Exports to South America reached \$6.7 billion for the quarter, up 22% from last year, and accounts for 55% of all exports from the County.
- Imports from South America reached \$1.6 billion in 2011 Q1, up 18% from 2010 Q1, and represent 21% of all imports shipped through the County.
- The value of total trade with **Europe** grew 13% from \$3 billion in 2010 Q1 to \$3.4 billion in 2011 Q1.
- Exports to Europe rose by 28% year-over-year, while imports were down slightly (-6%) compared to the first quarter last year.
- The value of all trade with **Central America** in the first quarter grew by 20% compared to the same quarter in 2010.
- Central America accounts for the largest share of imports to the County's ports at \$1.7 billion in the first quarter and up 29% from the first quarter of last year. Exports to Central America in the first quarter were 12% higher than in the same quarter of 2010.
- The **top four countries of origin for imports** to Miami-Dade include China, Costa Rica, Colombia and Singapore.
- The value of imports from **China** in the first quarter was 7% greater than in 2010 Q1. Imports of commodities such as computers and peripherals, and communications equipment experienced the greatest gains since the first quarter of last year.
- Year-over-year, imports from **Costa Rica** grew by 40% from \$566 million in 2010 Q1 to \$790 million in 2011 Q1. Imports consisted primarily of high value items such as computer processors and circuit boards, and accounted for a large share of the growth in imports.
- Imports from **Colombia** totaled \$672 million in 2011 Q1, up 23% from the same quarter of last year. Gold, coffee and cut flowers represented the greatest share of imports from Colombia in the first quarter.
- The value of imports from **Singapore** jumped from \$87 million in 2010 Q1 to \$560 million in 2011 Q1. The commodities most responsible for this increase include organic chemicals, especially sulfonamides used in the pharmaceutical industry.

Miami-Dade County Imports & Exports by World Region (US \$ in Billions)

Data Source: USA Trade Online, May 2011.

- Miami-Dade's **top four export destinations** by value include Brazil, Switzerland, Colombia and Venezuela.
- Brazil** remains the County's most important individual trading partner, with exports in the first quarter totaling \$2.6 billion (+24% compared to 2010 Q1). Most of this growth came from aircraft and parts, communications equipment and computers and components.
- Exports to **Switzerland** in the first quarter grew 34% compared to 2010 Q1 and almost entirely comprised of scrap precious metals. Both unit value and quantity of these exports were up.
- Exports to **Colombia** grew from \$850 million in 2010 Q1 to \$940 million this year. Computers and parts, communications and broadcast equipment, and medical equipment accounted for 25% of this total.
- Miami-Dade exports to **Venezuela** in the first quarter grew by 33% from 2010 Q1, to \$774 million. Computers and manufacturing machinery and parts, communications equipment, and medical, surgical, and dental equipment were among the fastest growing.

Trade by Commodity

- Five broad commodity groups – machinery, stone and glass, chemicals, transportation equipment and parts, and textile, footwear and related products – accounted for nearly 80% of the total international trade shipped through Miami-Dade ports.
- Imports and exports of **machinery** grew from \$6.2 billion in the first quarter of 2010 to \$7.4 billion in the first quarter of this year (+18%). Computer processors and controllers, cellular phones, automatic data processing machines, and similar products are included within this commodity group, but computer processors and controllers led the increase in trade observed in 2011 Q1. The value of total trade in computer processors and controllers rose from \$203 million in 2010 Q1 to \$970 million in 2011 Q1.
- Total trade of **stone and glass** commodities increased by 36% from 2010 Q1 to 2011 Q1. The greatest contributors to the \$743 million increase in trade within this group include the export of waste and scrap of gold (\$ 452 million) and the import of nonmonetary gold (\$ 286 million). Total exports of stone and glass commodities increased by \$421 million between 2010 Q1 and 2011 Q1, while total imports grew by \$322 million over this same period.

Miami-Dade Imports

Miami-Dade Exports

- Miami-Dade ports saw \$1.7 billion of international trade in **chemicals** in 2011 Q1, up from \$1.1 billion in 2010 Q1 (+50%). Import of sulfonamides (for pharmaceutical use) rose sharply from the same quarter of last year (+\$262 million). Imports of lactams (used in various medical and other commercial applications) in the first quarter were valued at \$127 million, compared to less than \$400,000 in 2010 Q1. The first quarter of this year saw a 12% increase in the imports of perfumes over the same period last year (+\$13 million). The export of medicines increased 24% (+\$36 million) from 2010 Q1.

- The value of international trade in **transportation equipment and parts** was up 21% (+\$277 million) in the first quarter this year compared to 2010 Q1. Exports of civilian aircraft, engines and parts account for two-thirds of the \$1.7 billion of total trade in this category.

- Exports and imports of **textiles, footwear and headgear** in the first quarter exceeded the value of trade in the same period last year by 33%, an increase of \$392 million. Key contributors to its growth include exports of cotton yarn, and imports of shirts and sweaters.
